

Delvendahl Martin Architects are looking for a Part III Architect and a Part II Architectural Assistant to join our growing team.

Part III Architect

We are looking for an enthusiastic and committed qualified architect to join our team. As an experienced architect, you would be involved in projects through all stages from conception to construction, liaising closely with clients, consultants and contractors.

Applicants will need to demonstrate that they have:

- Minimum of 3 years experience of UK construction projects, working with both new and existing buildings.
- Experience within housing/large residential developments will be beneficial.
- Excellent design and presentation skills.
- Solid construction and technical knowledge.
- Strong project coordination skills, job-running efficiency.
- Experience of contract administration is a bonus.
- Ability to take responsibility and initiative, meet deadlines and work both independently and collaboratively.
- Thorough knowledge of UK building regulations and planning.
- Excellent interpersonal skills and clear and concise communication skills.
- Ability to lead more junior members of the team.
- The office uses Vectorworks so experience in the software would be a plus.

Part II Architectural Assistant

We are looking for the right person who can take design initiative on projects with confidence and professionalism. Advanced digital visualisation and CAD skills, complemented with hand sketching and an elegant graphic sensibility are essential to help convey ideas for competitions and projects at early stages.

Career development and further study is actively encouraged and the role offers the opportunity to develop and become an integral member of the team.

Applicants will need to demonstrate that they have:

- At least three years experience of UK work
- Excellent design and advanced digital visualisation skills
- Solid construction and technical knowledge
- Excellent collaborator with good communication skills
- The practice uses Vectorworks so experience in the software would be a plus

Please send a digital copy of your CV and portfolio with a cover letter, stating the position you are applying for and your salary expectations. Please address your application to Monica Dominguez at people@dm-architects.co.uk (maximum 10MB). Salary will be commensurate with experience.

Shortlisted candidates will be invited for interview.
